Exterior Decor Overview

All decors shown below are part of the Essential Collection and available in our standard NT finish.

* Note: Colors are approximate. Please visit our website and order decor samples for the most accurate representation.

Exterior Digitally Printed Panels **Individualdecor**

Shape, color, and material can add character to any building. Be as creative as you can imagine with the higher design flexibility of Individualdecor exterior digitally printed rainscreen wall panels. *Available in NT Standard finish.*

Midland Library
Portland, Oregon

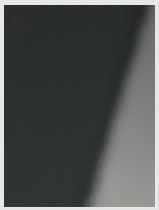

County Fire Station 38
San Diego, California (East Otay Mesa)

River Cree Medical Center
Alberta, Canada

Exterior Pro 2.3 Surface **Collection**

In the Pro Surface collection, it's all about design using surface textures and visual effects. *Each finish is one-sided unless otherwise noted.*

NG Gloss

Highly reflective surface that's bold and reflects its surroundings. Only for JU size. This is a double-sided finish.

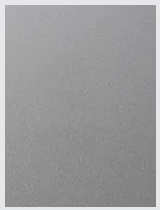

ESSENTIAL 2.3 | PRO 2.3 | STELLAR 2.6

NY Sky

Textured finish with depth and a pleasant feel – spirited, raw, and natural. Only for JU size, thicknesses of 6 & 8 mm, limited range of decorative finishes.

ESSENTIAL 2.3 | PRO 2.3 | STELLAR 2.6

NP Paragon

Calming matte surface with anti-fingerprint technology and high-value feel.

ESSENTIAL 2.3 | PRO 2.3

NH Hexa

A rugged hexagonal texture that provides a bold, slip resistant surface. Only for XL and GR sizes and in 2050 x 1854 mm.

ESSENTIAL 2.3 | PRO 2.3

Exterior Pro 2.6 **Stellar**

Stellar stands for design that looks beyond the present. For buildings that pulse, shine, and make an impact – dissolving boundaries and making the future visible. *Available in NT Standard, NY Sky, and NG Gloss finishes.*

Stellar Gold

Gold is light shaping architecture. Warm, powerful, radiant.

Stellar Anthracite

Anthracite is depth in its purest form. Dark, strong, urban.

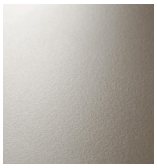

Stellar Silver

Silver is the tone of precise lines and contemporary form.

Exterior 2.3 Essential

Max Compact Exterior F-Quality

Fundermax panels feature thermoset high-pressure laminates (HPL) that meet the requirements of EN 438-6, type EDF, with the most effective weather protection thanks to double hardened acrylic polyurethane resin.

NT Standard

Silky matte finish with delicate shimmer and fine hammered texture.

ESSENTIAL 2.3 | STELLAR 2.6

Core

- F-Quality
- Flame retardant
- Brown color

Sizes**

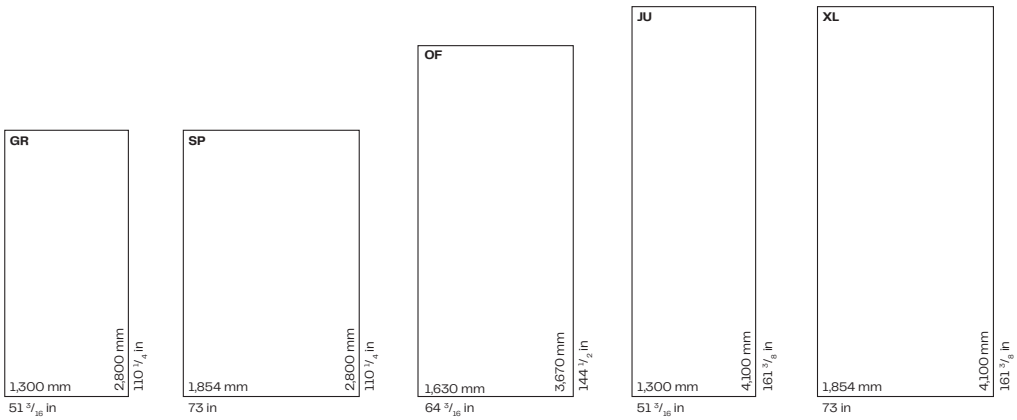

GR: 110 $^{1}/_{4}$ x 51 $^{3}/_{16}$ in = 39.18 ft²
- 2800 x 1300 mm = 3.65 m²

JU: 161 $^{3}/_{8}$ x 51 $^{3}/_{16}$ in = 57.37 ft²
- 4100 x 1300 mm = 5.33 m²

OF: 144 $^{1}/_{2}$ x 64 $^{3}/_{16}$ in = 64.39 ft²
- 3670 x 1630 mm = 5.98 m²

SP: 110 $^{1}/_{4}$ x 73 in = 55.88 ft²
- 2800 x 1854 mm = 5.19 m²

XL: 161 $^{3}/_{8}$ x 73 in = 81.82 ft²
- 4100 x 1854 mm = 7.60 m²

Thicknesses

Panels with double-sided decor:

Thickness	Tolerance (EN 438-6, 5.3)
2.0–2.9 mm	±0.2 mm
3.0–4.9 mm	±0.3mm
5.0–7.9 mm	±0.4 mm
8.0–11.9 mm	±0.5 mm
12.0–13.0 mm	±0.6 mm

Panels with the Hexa (NH) surface:

Thickness	Tolerance (EN 438-6, 5.3)
6.0–7.9 mm	±0.4 mm
8.0–11.9 mm	±0.5 mm
12.0–15.9 mm	±0.6 mm
16.0–20.0 mm	±0.7 mm

Panels with smooth reverse side (for symmetrical sandwich elements):

Thickness	Tolerance (EN 438-6, 5.3)
2.0–2.9 mm	±0.2 mm
3.0–4.0 mm	±0.3 mm

Park School Science and Engineering Wing
Baltimore, Maryland

National Guard Readiness Center
Luverne, Minnesota

NYU Langone
East Meadow, New York

** Fractions are approximate due to imperial conversions.

Fastening Systems

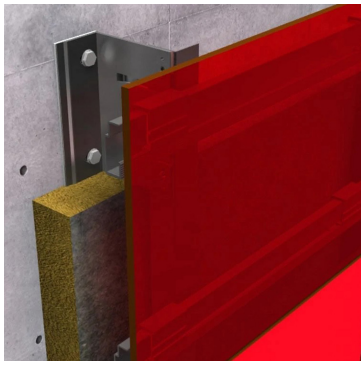

EXPOSED

Utilizes Max Compact panels and color-matched screws or rivets. The color-matched fasteners used to attach the panels to the aluminum or wood sub-framing blend into the facade. Option to use polished or black exposed fasteners.

CONCEALED

A hidden attachment. Utilizes anchors embedded in the back of the Max Compact Exterior panel that hangs on horizontal rails that are attached to vertical wall brackets.

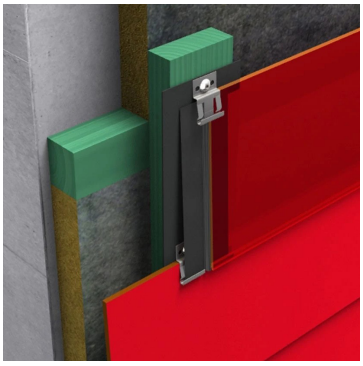

MODULO

A concealed fastener, closed joint, modern facade plank system. Makes it possible to install the pre-fabricated panels on a concealed clip system without any open joints vertically or hoizontally.

SCALEO

An attractive lap siding system with prefabricated Max Compact Exterior facade panels.
